

Figure 1: The geographic area of the Chukchi Sea and onshore coastal areas covered by the incidental take regulations.

**§ 18.113 When is this subpart effective?**

Regulations in this subpart are effective from June 11, 2008 through June 11, 2013 for year-round oil and gas exploration activities.

**§ 18.114 How do I obtain a Letter of Authorization?**

(a) You must be a U.S. citizen as defined in § 18.27(c).

(b) If you are conducting an oil and gas exploration activity in the specified geographic region described in § 18.112 that may cause the taking of Pacific walruses (walruses) or polar bears and you want nonlethal incidental take authorization under this rule, you must apply for a Letter of Authorization for each exploration activity. You must submit the application for authorization to our Alaska Regional Director (see 50 CFR 2.2 for

address) at least 90 days prior to the start of the proposed activity.

(c) Your application for a Letter of Authorization must include the following information:

(1) A description of the activity, the dates and duration of the activity, the specific location, and the estimated area affected by that activity, *i.e.*, a plan of operation.

(2) A site-specific plan to monitor and mitigate the effects of the proposed activity on walruses and polar bears encountered during the ongoing activities, *i.e.*, a marine mammal monitoring and mitigation plan. Your monitoring program must document the effects on these marine mammals and estimate the actual level and type of take. The monitoring requirements will vary depending on the activity, the location, and the time of year.

(3) A site-specific polar bear awareness and interaction plan, *i.e.*, a polar bear interaction plan.
